Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

NOTE

The use of tetracyclines during tooth development (last half of pregnancy, infancy and childhood to the age of 8 years) may cause permanent tooth discoloration (yellow-gray-brown). This reaction is more common during long-term use of the tetracyclines, but has been observed following short-term courses. Enamel hypoplasia has also been reported. Tetracycline drugs, therefore, should not be used in this age group unless other drugs are not likely to be effective or are contraindicated.

Hypertension—Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant.

Treasurers' Sales of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

NOTICE OF MOTION

TAKE NOTICE that the Ontario Highway Transport Board will be moved pursuant to Section 17 of *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316, for an Order directing a Review of its decision of the application heard by the Board on April 25th and April 28th, 1975, and resulting in decision of the Board dated May 5, 1975, recommending the granting of a Freight Forwarder's Licence to the Applicant, to assemble and consolidate freight in Metropolitan Toronto for forwarding to the City of Ottawa, the City of Peterborough and the City of North Bay, and return, by means of:

- (a) a rehearing by way of argument only, and
- (b) such other means as the Board may deem just.

The grounds upon which this Notice is based are as follows:

1. The Board failed to give adequate consideration to the evidence before it and, in particular, to the evidence before it of the relationship existing between Ottor Forwarders Limited, Ottor Freightways Limited and Mr. Kerr.
2. The Board's decision dated May 5, 1975, contained errors on the face of the record. On page 4, paragraph 1 of that decision it is indicated that “In the case of Peterborough, the trailers are hauled by Harley Transport Limited”. As the Board's records will show, the Class ‘C’ privileges formerly held by Harley Transport Limited had been transferred to Ottor Freightways Limited.

3. The sitting panel erred in that it failed to consider or give adequate weight to the recent decision of the Board in the matter of the application of Toro Forwarders Limited, and in the consolidated reviews of Eagle Transport (Ontario) Limited and Dial Transport Limited, the date of the Reasons for Decision in these matters being April 16, 1975. For the purpose of greater particularity, the sitting panel failed to consider:

- i. The references contained in the Toro decision with respect to common control and ownership and lifting the corporate veil (see pages 4-7 of Board's decision).
- ii. The reference contained in the Toro decision with respect to ‘C’ licences and Paragraph 2, Subsection 1 of Section 2 of Regulation 700 (see pages 7 to 9).
- iii. The reference contained in the Toro decision with respect to the possible implications where a freight forwarder and Class ‘C’ P.C.V. licence are under common control (see Paragraph 3, Page 9).

4. And upon such further and other grounds as may be deemed necessary, and has fixed Monday, the 17th day of November, 1975, at its Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, at 10 a.m. (E.S.T.).

NOTICE OF MOTION

Notice of Motion has been filed requesting the re-opening of the Board's decision of June 26, 1975. The grounds upon which the Motion is based are as follows:
